THE JOURNAL.

CLEARFIELD, PA., JAN. 5, 1859.

POLITENESS .- Politeness is certainly one of the virtues that is calculated to make neighbors social, and to hold each other in high estimation. While, on the other hand, impoliteness will most assuredly, create a coldness and a dislike for each other. One of the most impolite practices indulged in by many young persons, is the habit of talking in church; of which fact, we have recently been reminded, by hearing several persons talk in a loud voice during prayers and singing, in one of our churches. Persons had much better stay away from the house of God, than to engage in conversation that is calculated to annoy, and give rise to unpleasant feelings in others. It is certainly not genteel. Always "judge a tree by its fruits."

NEW YEAR .- The first of January passed off without bringing forth any extraordinary events. Some of the b'hoys were ale-ing a little and tried to enjoy themselves, under the circumstances, as to them seemed best; while others went sleighing, or enjoyed a sociable chat with their neighbors. In the evening, however, the juvenile portion of our population turned out en masse in sleds and sleighs; sick. and mingling their cheerful voices and merry laugh with the jingling of the bells, made our streets resound with music that made the hearts of many of the older ones feel glad.

ATTEMPT AT HIGHWAY ROBBERY .- A few days since, Mr. Peter M'Alear was attacked by a black fellow, on the road leading from the Glen Hope. The fellow presented a pistol and demanded that Mr. M. should give up his money. The latter answered him as though he did not understand what was said, until he was able to get hold of a few stones, when he fortunately succeeded in beating him off and making his own escape. Mr. M'Alear had between one and two hundred dollars about him at the time he was attacked.

A SMASH UP .- While on his way to New Washington, on Thursday the 30th ult., H. B. Swoope, Esq., of this place, had the mistortune, when within a few miles of his destination, to upset his sleigh. The horse getting loose, made off on a double quick step with the "weehickle," and "scatterlofisticated" it "purmiscusly" along the road. The wreck was so complete, that a friend who saw it could only give a description by saying, "It was a little too coarse for kindling, and a little too tine for fire-wood.

ARM BROKE .- We have been informed, by a triend, that Mr. Henry Straw, of Ferguson lownship, had his arm broken whilst engaged in felling timber, on the 28th December. The tree he had cut, in falling struck another that was dead and caused it to break off and fall towards him. Mr. S. seeing the dead tree coming, tried to make his escape by running, and in doing so, he threw up his arm, which the dead tree struck and broke, narrowly escaping with his life.

FINGERS CUT OFF .- A little son of Mr. Jacob Guelich, of Lawrence township, met with a and accident on Tuesday the 29th ult. An older boy had left a small axe stand on the porch, which the little fellow picked up and way he slipped and fell, and in falling the axe struck his left hand and cut three of his fingers entirely off.

INJURED .- On the 31st December, Mr. David Fox, of Ferguson township, met with a serious injury whilst engaged in hauling saw-logs to his mill. He was dragging the logs with grabs, and one becoming unloosed, flew round, struck him on the kane, and hurt him so seserely that, in all probability, he will be disabled from working the balance of the winter.

HAIR BRUSHES .- To wash hair-brushes, never use soap. Take a piece of soda, dissolve it in warm water, stand the brush in it, taking care that the water covers only the bristles. It will almost instantly become white and clean. Place it in the air to dry, with the bristles downward, and it will be as firm as a new brush.

TEMPERANCE MEETING .- The Washingtonian Temperance Society will hold their quarterly meeting on Monday evening, January 17th, at early candle lighting, in the Court House. Several addresses will be delivered. The public are kindly invited to attend. G. PHILLIP GUELICH, Prest.

Accident .- On the 25th December, a man at work on Coulter's log job, near Spruce Island, on Clearfield Creek, had his cheekbone fractured, and received some other injustes, by a descending limb which was knocked off another tree by the one he was felling.

NOTICE TO TEACHERS .- A meeting of the Union District Teachers' Association will be held at Curwensville on Saturday the 8th of Jan. Teachers and the friends of education are invited to attend. By order of the Ex.Com. J. G. HALL, Sec.

A triend of ours informs us that on last Wednesday morning, the eight o'clock passenger train of cars on the Pennsylvania road was distinctly heard within 2 miles of Glen Hope, a distance of not less than fifteen miles in a straight line.

APPOINTMENTS .- The County Commissioners, on Monday last, made the following appointments for the ensuing year :- Wm. A. Wallace, Counsel; Wm. S. Bradley, Clerk; and Geo. W. Long, Mercantile Appraiser.

On the 25th alt., Mr. Geo. Gailor, Sr., of Knox township, was severely hurt whilst engaged at putting a saddle on a horse for his wife to ride.

Vice-Presidents: H. D. Rose, Jonathan Westbuildings thereon erected. Vice-Presidents: H. D. Rose, Jonathan Westover, Samuel Setring, John King, Joseph M'-Murray, John Young, A. S. Tozer, Esq., Scbastian Snyder and Russell M'Murray.

After the committee had withdrawn, the meeting was addressed by John F. Weaver, Daniel W. Moore and H. B. Swoope, Esqs.

The Committee then reported the following Resolutions which were adopted:

Whereas. The citizens of the counties of Clearfield, Indiana, Cambria and Jefferson, have been petitioning the Legislature for a number of years, for the erection of a new county out of parts of the above named counties, and the same necessities still existing for the request of the petitioners,

Resolved, That we are now determined to redouble our efforts to accomplish that object. Resolved, That a great number of the inhabitants of the above named counties, have to go upwards of thirty, and some of them nearly forty miles, to attend their Courts of Justice, over roads almost impassable.

Resolved, That we have sufficient territory

to erect a new county, and still leave the above named counties larger than the average size of counties in the State; some of them having an area of over a thousand square miles remaining

Resolved, That we do not approach any the adjoining county-seats with our proposed boundaries, within from fourteen to twenty

Resolved, That we embrace within our proposed county, above 400 square miles of territory, nearly all of which is susceptible of cultivation, and a population of eight thousand, who would be benefited by the erection of the new county.

Resolve I. That we only ask simple justice in our petitions: that the increase of business and population demands that we should not be longer subject to the expenses and inconveniences we are under in attending our courts. Resolved, That we have all the elements of a prosperous county; good farm lands; plenty of timber; good water-power; and abundance of coal and other minerals; and that a new county would tend to develop these resources, and make us in a short time equal, if not the superior of any of our neighboring counties.

Resolved. That we ask the aid and assistance of the citizens of the above named counties in our enterprize.

After the adoption of the resolutions the meeting was addressed by M. A. Frank, Esq., Rev. C. Cleaver and others.

On motion, a committee of five were appointed, to confer with the same number from Cherry Tree, at the meeting there to-morrow, (Dec. 31st.) to make the necessary arrangenents for procuring the passage of a law creating the county.

A YER'S SARSAPARILLA, a compound remedy, in which we have labored to produce the most effectual alterative that can be made. It s a concentrated extract of Para Sarsaparilla so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

worst cases to be found of the following complaints:
Serofula and Serofulous complaints, Eruptions
and Eruptive Diseases, Ulcers, Pimples. Blotches,
Tumors. Salt Rheum, Scald Head, Syphilis and
Syphilitic affections, Mercurial Disease, Dropsy,
Neuralgia or Tic Douloureux, Debility, Dyspepsia
and Indigestion. Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of comlaints arising from Languity of the Blood

plaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous seres, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitia-ted blood whenever you find its impurities burst-ing through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood Keep the body healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or altogether overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of

the virtue of Sarsaparilla, or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Ex-tract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the mar cet, until the name itself is justly despised, and has become synonymous with imposition and cheat Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have good ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judi eiously taken according to directions on the bottle. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass Price \$1 per Bottle; Six Bottles for \$5.

AYER'S CHERRY PECTORAL, has won for itself such a renown for the cure of every varie-ty of Throat and Lung complaint, that it is enunnecessary for us to recount the evidence of its virtues, wherever it has been employed As it has long been in constant use throughout this section, we need not do more than assure the people that its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood. They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the vorld for all the purposes of a family physic. Price 25 cents per Box; Five Boxes for \$1.00.

Great numbers of Clergymen. Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the in-sertion of them. The Agents below named furnish gratis our American Almanae in which they are given; with also full descriptions of the above omplaints and the treatment that should be followed for their cure. Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand Ayen's and take no others. The sick want the best aid there is
